BOSTON, MAY 31. 1773.

WEDNESDAY last being the anniversary appointed by the Royal Charter for the election of his Majesty's councellors of the province, the Great and General Court or Assembly of the province met at the Court house in this town: After the usual oaths were administered to the gentlemen who were returned to serve as members of the honorable house of representatives, and the declarations subscribed by them, they elected the Hon. THOMAS CUSHING, Esq; for their speaker, who being presented to his Excellency the Governor for his approbation, according to the direction of the Royal explanatory charter, his Excellency was pleased to send a message in writing to the house, signifying his approbation of said election: The house then made choice of Mr. SAMUEL ADAMS, for their Clerk.—After which the Governor, and Council for last year, with the honourable House of Representatives, were escorted to the old brick meeting house, where a sermon was preached by the Rev. CHARLES TURNER, of Duxbury, from these words in Rom. xiii. 4. *For he is the minister of God to thee for good*, perhaps in as clear and close a manner, holding up the duties both of rulers and subjects, as was ever heard in this country.

After Sermon the Governor and Council, with the Cadets and officers of the militia, attended by the new band of musick, proceeded to Concert-Hall, where a dinner was prepared. Sometime after the procession a coach came to the door, out of which stepped Messrs. Hulton, Burch and Hallowell, commissioners, and passed speedily up stairs. On the appearance of these caterpillars in the great hall, the gentlemen Selectmen came out in a body, several of the cadet company, and many of the Rev. Clergy, both of town and country, manifested their disdain to countenance so great an imposition upon the whole people as to smuggle in those obnoxious persons who have for a series of years been working our ruin, to partake of the general festivity with the elders of the land; and that in violation of an assurance they should not be there. The citizens present invited the gentlemen of the clergy from the country to their houses, and after dinner was over, some principal characters attended at the hall door to *pay their respects* to the commissioners who were then said to have intruded themselves without invitation; doubtless to seize an occasion to represent to administration the dissonance between the spirit of the *resolves and exertions* of the Bostonians, of whom their *understrappers* give out, that no degree of provocation can force them into action; and it must be confessed with too much apparant propriety, this town is publickly called the asylum of such hateful vermin.

Mr. Burch we are told only followed the procession from the hall, and was hissed some little way, the main attention of the people, it is said, being turned towards Messrs. Hulton and Hallowell, who went out at a back door and were attended by a numerous retinue to Mr. Hallowell's house, giving every *species of testimony* in what honour they held their persons and *important commission*.

Gov. Hutchinson's Answer of 7 Aug. pa. 306 — 298 (11) See Index under Committee, &c

On Thursday His Excellency was pleased to make the following SPEECH to both Houses.

Gentlemen of the Council, and
Gentlemen of the House of Representatives,

SINCE the Diſſolution of the late Aſſembly, the Commiſſaries on the Part of this Province have met the Commiſſaries on the Part of *New-York* at *Hartford*, in *Connecticut*, and have amicably agreed upon a Boundary Line, on the Eaſtern Part of *New-York* from the South to the North Boundary of this Province, and their Agreement has been conſented to by the Governors of the two Provinces who were preſent on the Occaſion and who will take the firſt Opportunities to tranſmit the ſame to be laid before His Majeſty for His Royal Approbation. His Excellency Governor TRYON has propoſed to me to join with him in the Appointment of one or more Surveyors and neceſſary Chainmen to run and mark this Line as ſoon as may be. A known certain Boundary is ſo eſſential to the Peace of each Government that I hope for the earlieſt Signification of His Majeſty's Pleaſure; but I conceive that it may be of Utility to the Borderers to know immediately where the Line will run, eſpecially as it is not likely to give much Diſcontent on either Side; ſeeing it does not greatly differ from a Line which has been for divers Years conſidered as the temporary Boundary between the two Provinces.

I have lately received a Letter from His Excellency the Right Hon. the Earl of DUNMORE, Governor of the Colony of Virginia, informing me that the Paper-Money of that Colony had been counterfeited in other Governments, that it is difficult to bring the Offenders to Juſtice as the Counterfeiting the Paper Money of the ſeveral Colonies is only made Felony in the reſpective Governments where the Offence is committed, and therefore deſiring that I would recommend to you to come into an Act to make it Felony here, the General Aſſembly of the Colony of *Virginia* having paſſed a ſimilar Act there in order to prevent the Counterfeiting the Paper Money of the other Colonies; a Copy of which Act, together with his Lordſhip's Letter, ſhall be laid before you; and I recommend them to your Conſideration. Although we are without a Paper Currency in this Province and can have no Benefit from the Act of *Virginia*, yet I doubt not you will have the ſame Diſpoſition to do a good Office for a Neighbouring Colony as if the Benefit had been reciprocal.

I muſt alſo recommend to your Conſideration ſome further Proviſion for preventing the Counterfeiting the Silver and Gold Currency eſtabliſhed by the Laws of this Province. Convictions for this Offence have been greatly multiplied. One of the Penalties which the Court may by Law inflict is twenty Years Confinement to hard Labour. I believe no County has been able to make the Labour of ſuch Offenders pay the Charge of their Support, and in ſome Inſtances the Offenders have ſoon made their Eſcape. After Execution of the other Penalties of the Law, Criminals are immediately at large, and having been once rendered infamous are more eaſily led to a Repetition of the Crime.

I have had Application made to me by the Indians upon the Eaſtern Frontier to allow them a Prieſt to Baptize their Children, and perform the other Offices of their Religion. I gave them no Encouragement to expect this Indulgence, it being contrary to the Law of the Province. They alſo deſire to be furniſhed with Goods at ſome Place nearer to their Settlement than Fort Pownal. This I think may be very proper. The Conference which I had with one of their Chiefs ſhall be laid before you.

I will chearfully concur with you in your Determinations upon what I have now propoſed, and upon all other Matters which may properly come before you ſo far as the Duty which I owe to the King and to the Province will permit.

Council-Chamber, Boſton, T. Hutchinſon.

vid Answer Council pa. 302.

On Thurſday laſt, upon Complaint to the Honorable Houſe of Repreſentatives, from ſome of the Inhabitants of the Town of Weſton, of Corruption in the Election of the Repreſentative for that Place; the Houſe took the Matter under Conſideration, and after examining a number of Witneſſes relative thereto, the Member was diſmiſſed the Houſe, and a new Precept ordered to be iſſued for another Choice.

The ſame Day after the Houſe of Repreſentatives had determined the conteſted Election, and agreed upon Rules and Orders for their own Government, the Speaker communicated to them a Letter from the Speaker of the Houſe of Burgeſſes in the Colony of Virginia, incloſing a Reſolution of that Aſſembly, to keep up and maintain a Correſpondence and free Communication with the Siſter Colonies, and requeſting the Houſe to appoint a Committee to join with their Committee for that Purpoſe: The Speaker communicated alſo a Letter from the Speaker of the Houſe of Repreſentatives of the Colony of Rhode-Iſland, acquainting him that they had agreed to the ſalutary Meaſures propoſ'd by Virginia; and the ſame being read, the Houſe aſſign'd the next Morning Nine o'Clock, to take them under Conſideration, and then adjourn'd.

The ſaid Letter and the Incloſures were accordingly read again on Friday Morning, and after due Conſideration thereon, the Houſe came into the following Reſolutions, there being 113 Members preſent, and only four Diſſentients.

WHEREAS *the Speaker hath communicated to this Houſe a Letter from the truly reſpectable Houſe of Burgeſſes in his Majeſty's Ancient Colony of* VIRGINIA, *incloſing a Copy of the Reſolves entered into by them on the 12th of March laſt, and requeſting that a Committee of this Houſe may be appointed to communicate from Time to Time, with a correſponding Committee then appointed by the ſaid Houſe of Burgeſſes in Virginia:*

And Whereas this Houſe is fully ſenſible of the Neceſſity and Importance of a Union of the ſeveral Colonies in America, at a Time when it clearly appears that the Rights and Liberties of all are ſyſtematically invaded; in Order that the joint Wiſdom of the Whole may be employed in conſulting their common Safety:

RESOLVED, That this Houſe have a very grateful Senſe of the Obligations they are under to the Houſe of Burgeſſes in Virginia, for the Vigilance, Firmneſs and Wiſdom, which they have diſcovered at all Times in Support of the Rights and Liberties of the American Colonies; and do heartily concur with them in their ſaid judicious and ſpirited Reſolves.

RESOLVED, That a ſtanding Committee of Correſpondence and Enquiry be appointed to conſiſt of Fifteen Members, any Eight of whom to be a Quorum; whoſe Buſineſs it ſhall be to obtain the moſt early and authentick Intelligence of all ſuch Acts and Reſolutions of the Britiſh Parliament or Proceedings of Adminiſtration, as may relate to, or affect the Britiſh Colonies in America; and to keep up and maintain a Correſpondence and Communication with our Siſter Colonies reſpecting theſe important Conſiderations; and the Reſult of ſuch their Proceedings from Time to Time to lay before the Houſe.

RESOLVED, That it be an Inſtruction to the ſaid Committee, that they do, without Delay, inform themſelves particularly of the Principles and Authority on which was conſtituted a Court of Enquiry, held in Rhode-Iſland, ſaid to be veſted with Powers to tranſport Perſons accuſed of Offences committed in America, to Places beyond the Seas to be tried.

RESOLVED, That the ſaid Committee be further Inſtructed to prepare & report to this Houſe, a Draft of a very reſpectful Anſwer to the Letter received from the Speaker of the Honorable Houſe of Burgeſſes of Virginia; and another, to a Letter received from the Speaker of the Honourable Houſe of Repreſentatives of the Colony of Rhode-Iſland: Alſo a Circular Letter to the Speakers of the ſeveral other Houſes of Aſſembly on this Continent; incloſing the aforeſaid Reſolves, and requeſting them to lay the ſame before their reſpective Aſſemblies, in Confidence that they will readily and chearfully comply with the wiſe and ſalutary Reſolves of the Houſe of Burgeſſes in Virginia.

LAST Wedneſday about Four o'Clock, P. M. was ſtruck with a NUMB-PALSEY, *Madam* HARRISON, —— one of the *Chief* Performers in our *Grand Political Concert!* Her *Ladyſhip* was ſeized very ſuddenly, and is now in a very declining State!—However, her Phyſicians think ſhe may poſſibly remain with ſome Symptoms of Life (*though diſqualified from performing in our* GRAND CONCERT) 'till the Month of December next, and *not* longer.

OLD *Lady Turtle!* another Member of the *ſame Concert*, was taken very ill in *her Stomach*, much about the ſame Time, and was thought by many to be in full as declining a State as *Madam* HARRISON!——But by the great Aſſiduity of ſome of the *Members* (*whoſe pecuniary Exiſtence depended upon the Reſtoration of* OLD LADY TURTLE) and by the Help of *Murray* Water, and ſome *Sagadahoc* CORDIAL timely adminiſter'd (*after three or four dubious Efforts!*) got her Ladyſhip on her Legs!—and *ſhe* now acquaints the Public it's her reſolution to continue her old ſtation of *State Fiddling* for *another* Year! during which Time ſhe is determined to purſue her uſual Practice of *Mix-Medley!*—and *no* longer!!

MADAM *Miſtick* was much about the ſame Time *ſtruck dead*, without the leaſt apparent Symptom of Illneſs: but it was well known by *Madam*'s intimates, that ſhe was for a long time troubled with a *Syncope*; which at laſt proved her diſſolution!——

One or two more *political Performers* in the *ſame Concert* felt very much indiſpoſed, and were ſeverely attacked with *trembling Fitts!* but have *at preſent* got ſomething better of their indiſpoſition, and it is ſaid, are determined, to conſult (*without Loſs of Time*) ſome *Conſtitutional Phyſicians*, by Way of Prevention! as they now begin to think their Caſes *rather* deſperate!

At ſome *new Performances*, lately received into the *grand Political Concert*, the Public may expect ſeveral NEW *Tunes*; differing much from thoſe of *Harriſon's* COZAR, &c. and much better adapted to the Climate: ſome Dirt having been thrown upon the Abettors of thoſe late *political and moſt venerable Ladies!*——

The HEAD *Lady Fiddler* of the *grand Concert* thinks herſelf *ſcurvily* treated, inasmuch as the *Rabble* have uſed ſome GUT SCRAPERS of her intimate Acquaintance in a very *dirty* Manner: having daub'd their BASE VIALS, FIDDLE CASES, &c. with Street Mud, to the great Diſfigurement of *her Ladyſhip's* very uſeful Aſſiſtants: and aſſures the Public, if they do not ſpeedily alter their Conduct, ſhe will poſitively reſign HER *Station* as *Head* of the *grand political and moſt* MUSICAL *Band*, within theſe three Months, and has little doubt but that ſeveral of *her* moſt FAITHFUL *Fiddlers* will follow her praiſe-worthy Example, to the no ſmall mortification of the *Sappers* of this wiſe political Inſtitution. CATGUT.

P. S. *Puking, Purging* and *Bliſtering* adminiſter'd *gratis*, to the *diſorder'd* Members of the above recited *political Concert*, by their *loving* Friend, &c. &c. CATGUT.

NEWPORT, May 24.

Last Wednesday sailed, for Halifax, the Arethusa frigate, Capt. Hammond, who we hear impressed a number of men out of a vessel bound from Connecticut upon a fishing voyage which she met in the Offing, leaving hands barely sufficient to navigate her to port, by which means it is tho't her voyage will be entirely ruined.——Is it possible that the KING, and all his *wise-headed* MINISTRY, should know so little of the English language, as to call such *illegal practices* PROTECTION of trade and the fishery?!!

BOSTON, May 31.

We hear that the Honorable House of Representatives of the Province of New-Hampshire, have taken into their wise Consideration the Plan of Union between the Colonies, as proposed by the Honorable House of Burgesses in Virginia, and have chosen a Committee of Correspondence to communicate with the other Colonies——have wrote Letters to the Houses of Commons in Virginia and Rhode-Island, and assured them that the House of Representatives of the Province of New-Hampshire are ready to co-operate with all their Sister Colonies to recover and perpetuate the Liberties of America.

Extract of a Letter from Kingston, in Jamaica, April 1.

"The 16th of last Month was hanged at Spanish Town one James Hutchinson, the most detestable and abandoned Villain, that ever disgraced the human species. He was a native of North-Britain, and had a pen in Pedro Valley, in one of the Parish: When any of his neighbours cattle strayed on his lands, he always secured them as his own, and by that means had acquired a little fortune, and it is imagined that many people had been murdered by him for demanding their property, and this cow's future stems but two well founded as you'll observe in the sequel. As Mr. Callender (whose land joined Hutchinson's) had lost a Jack-ass, and seeing him in this wretch's pasture, went to him and requested that the Ass might be turned in the highway, when he would take care he should trespass upon him no more. Hutchinson told him this command should be immediately complied with, and when Callender had turned his back and was going away, the villain took up a gun, and killed him on the spot. A man then lying sick at Hutchinson's hearing the report of a gun, crept out of his bed, and asked what firing that was, and said, I believe you have shot the man that I heard enquiring about the Ass. The villain replied, go instantly to your bed, or I'll serve you the same sauce. The sick man however in the course of the evening, found means to get privately out of the house, and immediately lodged a complaint, upon which Hutchinson was apprehended, and by the information of one of his negroes, the place was discovered where he had conveyed the head of Callender, and where near 20 other human skulls were found, the body was thrown in a cockpit (as is here called) a place deemed inaccessible, being down a perpendicular rock, that had been split by an earthquake, as is formed by nature, the bottom of which could not be discerned, hanging however upon a point of the rock which jetted out, the unfortunate man's body was seen, and well known by his cloaths; by some daring contrivance, a person went down a considerable length, and discovered a great number of human bones, but no skulls, so that it is to be supposed, this merciless villain had always taken off the heads of those he had murdered, in the same manner, he had with poor Callender. At his trial, he had several of our most eminent council to plead for him, and during the whole time from his commitment to his execution, he behaved with the greatest insolence, he employed the whole day before he died, in writing, and told the people he had made his own epitaph, and left 100l. to have it engraved on his tomb-stone. It is long and ill wrote, but he concludes it in these words, speaking of the Court and Jury,

Their sentence, pride, and malice I defy,
Despise their power, and like a Roman die.

Saturday last about 12 o'Clock at Noon a Fire broke out on board the Britannia, Capt. John Walker, a Store Ship for the Fleet station'd here *for the Protection of the Trade and Fishery*, lying in the Harbour, and within Gun-shot of the Town. It being reported that there was a considerable Quantity of Powder on board, it put the Inhabitants in great Consternation. Thousands of People seeking Refuge from the falling of Chimneys, &c. in Case of an Explosion. However as it turn'd out, there was no Powder on Board; which if it had at first been ascertain'd, would have sav'd said Ship from being burnt almost to the Water's Edge. Considerable Stores we hear were not consumed. It is however some-what lucky for the Town that the Fire broke out in the Day Time, and when only the People belonging to the Ship were on board, otherwise it might have been Matter of Representation to the Board of Admiralty at Home to have immediately fitted out a Fleet in order to apprehend certain Persons to be sent beyond the Seas to be tried, as in the Case of the Gaspee Schooner at Rhode-Island. Be it as it may, this Accident may prove very beneficial to *some* in settling Accounts. This Ship was built at New-York, about 300 Tons burthen. The Fire caught at the Cabouse, and communicated immediately all over the Ship.

On Thursday His Excellency was pleased to make the following SPEECH to both Houses.

Gentlemen of the Council, and
Gentlemen of the House of Representatives,

SINCE the Diſſolution of the late Aſſembly, the Commiſſaries on the Part of this Province have met the Commiſſaries on the Part of *New-York* at *Hartford*, in *Connecticut*, and have amicably agreed upon a Boundary Line, on the Eaſtern Part of *New-York* from the South to the North Boundary of this Province, and their Agreement has been conſented to by the Governors of the two Provinces who were preſent on the Occaſion and who will take the firſt Opportunities to tranſmit the ſame to be laid before His Majeſty for His Royal Approbation. His Excellency Governor TRYON has propoſed to me to join with him in the Appointment of one or more Surveyors and neceſſary Chainmen to run and mark this Line as ſoon as may be. A known certain Boundary is ſo eſſential to the Peace of each Government that I hope for the earlieſt Signification of His Majeſty's Pleaſure; but I conceive that it may be of Utility to the Borderers to know immediately where the Line will run, eſpecially as it is not likely to give much Diſcontent on either Side; ſeeing it does not greatly differ from a Line which has been for divers Years conſidered as the temporary Boundary between the two Provinces.

I have lately received a Letter from His Excellency the Right Hon. the Earl of DUNMORE, Governor of the Colony of Virginia, informing me that the Paper-Money of that Colony had been counterfeited in other Governments, that it is difficult to bring the Offenders to Juſtice as the Counterfeiting the Paper Money of the ſeveral Colonies is only made Felony in the reſpective Governments where the Offence is committed, and therefore deſiring that I would recommend to you to come into an Act to make it Felony here, the General Aſſembly of the Colony of *Virginia* having [illegible] there in order to prevent the [illegible] other Colonies; upon the [illegible] Baptize their Children, and perſon[illegible] of their Religion. I gave them no Encouragement to expect this Indulgence, it being contrary to the Law of the Province. They alſo deſire to be furniſhed with Goods at ſome Place nearer to their Settlement than Fort Pownal. This I think may be very proper. The Conference which I had with one of their Chiefs ſhall be laid before you.

I will chearfully concur with you in your Determinations upon what I have now propoſed, and upon all other Matters which may properly come before you ſo far as the Duty which I owe to the King and to the Province will permit.

On Thurſday laſt, upon Complaint to the Honorable Houſe of Repreſentatives, from ſome of the Inhabitants of the Town of Weſton, of Corruption in the Election of the Repreſentative for that Place; the Houſe took the Matter under Conſideration, and after examining a number of Witneſſes relative thereto, the Member was diſmiſſed the Houſe, and a new Precept ordered to be iſſued for another Choice.

The ſame Day after the Houſe of Repreſentatives had determined the conteſted Election, and agreed upon Rules and Orders for their own Government, the Speaker communicated to them a Letter from the Speaker of the Houſe of Burgeſſes in the Colony of Virginia, incloſing a Reſolution of that Aſſembly, to keep up and maintain a Correſpondence and free Communication with the Siſter Colonies, and requeſting the Houſe to appoint a Committee to join with their Committee for that Purpoſe: The Speaker communicated alſo a Letter from the Speaker of the Houſe of Repreſentatives of the Colony of Rhode-Iſland, acquainting him that they had agreed to the ſalutary Meaſure propoſ'd by Virginia; and the ſame being read, the Houſe aſſign'd the next Morning Nine o'Clock, to take them under Conſideration, and then adjourn'd.

The ſaid Letter and the Incloſures were accordingly read again on Friday Morning, and after due Conſideration thereon, the Houſe came into the following Reſolutions, there being 113 Members preſent, and only four Diſſentients.

WHEREAS *the Speaker hath communicated to this Houſe a Letter from the truly reſpectable Houſe of Burgeſſes in his Majeſty's Ancient Colony of* VIRGINIA, *incloſing a Copy of the Reſolves entered into by them on the 12th of March laſt, and requeſting that a Committee of this Houſe may be appointed to communicate from Time to Time, with a correſponding Committee then appointed by the ſaid Houſe of Burgeſſes in Virginia:*

And Whereas this Houſe is fully ſenſible of the Neceſſity and Importance of a Union of the ſeveral Colonies in America, at a Time when it clearly appears that the Rights and Liberties of all are ſyſtematically invaded; in Order that the joint Wiſdom of the Whole may be employed in conſulting their common Safety:

RESOLVED, That this Houſe have a very grateful Senſe of the Obligations they are under to the Houſe of Burgeſſes in Virginia, for the Vigilance, Firmneſs and Wiſdom, which they have diſcovered at all Times in Support of the Rights and Liberties of the American Colonies; and do heartily concur with them in their ſaid judicious and ſpirited Reſolves.

RESOLVED, That a ſtanding Committee of Correſpondence and Enquiry be appointed to conſiſt of Fifteen Members, any Eight of whom to be a Quorum; whoſe Buſineſs it ſhall be to obtain the moſt early and authentick Intelligence of all ſuch Acts and Reſolutions of the Britiſh Parliament or Proceedings of Adminiſtration, as may relate to, or affect the Britiſh Colonies in America; and to keep up and maintain a Correſpondence and Communication with our Siſter Colonies reſpecting theſe important Conſiderations; and the Reſult of ſuch their Proceedings from Time to Time to lay before the Houſe.

NEWPORT, May 24.

Last Wednesday sailed, for Halifax, the Arethusa frigate, Capt. Hammond, who we hear impressed a number of men out of a vessel bound from Connecticut upon a fishing voyage which she met in the Offing, leaving hands barely sufficient to navigate her to port, by which means it is tho't her voyage will be entirely ruined.——Is it possible that the King, and all his *wise-headed* MINISTRY, should know so little of the English language, as to call such *illegal practices* PROTECTION of trade and the fishery?!!

BOSTON, May 31.

We hear that the Honorable House of Representatives of the Province of New-Hampshire, have taken into their wise Consideration the Plan of Union between the Colonies, as proposed by the Honorable House of Burgesses in Virginia, and have chosen a Committee of Correspondence to communicate with the other Colonies——have wrote Letters to the Houses of Commons in Virginia and Rhode-Island, and assured them [that the House of Representatives of the Province of New-Hampshire are ready to co-operate with all their Sister Colonies to recover and perpetuate the Liberties of America.

His Excellency, as a fresh token of his respect to his old friend the Earl of Hillsborough, and approbation of the measures adopted by administration, to oppress and enslave the colonies, was pleased to invite the commissioners of the customs to partake of the public dinner provided for the Court, the Clergy, and other gentlemen who usually attend the general election.

A great part of the Court, the Clergy and other gentlemen who were invited to dine in public, being informed that the commissioners would be there, discovered their resentment by refusing to go where they were. And many who dined in the hall, would certainly have left the governor to enjoy the entertainment with his particular friends, had they known the commissioners were there: But not having any personal knowledge of them, nor hearing that they were invited, must now submit to the mortifying thought of being tricked into their company.

Lately arrived from Dominica Capt. Joseph Oakman, who on the 13th of April in Latt. 32, 22. N. Long. 61, 15 E. spoke with Capt. Hezekiah Smith, in the Sloop Ranger, from New-London bound to St. Vincents, all well on Board.

Extract of a Letter from Kingston, in Jamaica, April 1.

"The 16th of last Month was hanged at Spanish Town one James Hutchinson, the most detestable and abandoned Villain, that ever disgraced the human species. He was a native of North-Britain, and had a pen in Bodes Valley, in St. Ann's Parish. When any of his neighbours cattle strayed on his lands, he always secured them as his own, and by that means had acquired a little fortune, and it is imagined that many people had been murdered by him for demanding their property, and this conjecture seems but too well founded as you'll observe in the sequel. As Mr. Callender (whose land joined Hutchinson's) had lost a Jack-ass, and seeing him in this wretch's pasture, went to him and requested that the Ass might be turned in the highway, when he would take care he should trespass upon him no more. Hutchinson told him this command should be immediately complied with, and when Callender had turned his back and was going away, the villain took up a gun, and killed him on the spot. A man then lying sick at Hutchinson's hearing the report of a gun, crept out of his bed, and asked what thing that was, and said, I believe you have shot the man that I heard enquiring about the Ass. The villain replied, go instantly to your bed, or I'll serve you the same sauce. The sick man however in the course of the evening, found means to get privately out of the house, and immediately lodged a complaint, upon which Hutchinson was apprehended, and by the information of one of his negroes, the place was discovered where he had conveyed the head of Callender, and where near 20 other human skulls were found, the body was thrown in a cockpit (as is here called) a place deemed inaccessible, being down a perpendicular rock, that had been split by an earthquake, as is formed by nature, the bottom of which could not be discerned, hanging however upon a point of the rock which jetted out, the unfortunate man's body was seen, and well known by his cloaths; by some daring contrivance, a person went down a considerable length, and discovered a great number of human bones, but no skulls, so that it is to be supposed, this merciless villain had always taken off the heads of those he had murdered, in the same manner, he had with poor Callender. At his trial, he had several of our most eminent counsel to plead for him, and during the whole time from his commitment to his execution, he behaved with the greatest insolence, he employed the whole day before he died, in writing, and told the people he had made his own epitaph, and left 200l. to have it engraved on his tomb-stone. It is long and ill wrote, but he concludes it in these words, speaking of the Court and Jury,

Their sentence, pride, and malice I defy,
Despise their power, and like a Roman die.

Lewis Hutchinson, hanged at Spanish Town, the 16th of March, 1773, aged forty years. Thus was the world rid of this detestable and most execrable monster.

It being reported that there was a considerable Quantity of Powder on board, it put the Inhabitants in great Consternation. Thousands of People seeking Refuge from the falling of Chimneys, &c. in Case of an Explosion. However as it turn'd out, there was no Powder on Board; which if it had at first been ascertain'd, would have sav'd said Ship from being burnt almost to the Water's Edge. Considerable Stores we hear were not consumed. It is however some-what lucky for the Town that the Fire broke out in the Day Time, and when only the People belonging to the Ship were on board, otherwise it might have been Matter of Representation to the Board of Admiralty at Home to have immediately fitted out a Fleet in order to apprehend certain Persons to be sent beyond the Seas to be tried, as in the Case of the Gaspee Schooner at Rhode-Island. Be it as it may, this Accident may prove very beneficial to *some* in settling Accounts. This Ship was built at New-York, about 300 Tons burthen. The Fire caught at the Cabouse, and communicated immediately all over the Ship.

Saturday last Captain Hood arrived here from London, which Place he left the 2d of April. The Papers brought by him (being only two Days later than what we have already received) are not yet come to Hand.—Capt. Hall was to sail for this Place in about three Weeks after Capt. Hood.

Died at Portsmouth within 12 Hours of each other, Mr. and Mrs. Noldred. They were both buried in one Grave.
